

# THE FIRST TEE OF THE TRIAD GABBY CADDIE: APRIL 2020 NEWSLETTER

## INFORMATION FROM THE FIRST TEE OF THE TRIAD STAFF

The First Tee of the Triad staff hopes everybody is remaining safe during this uncertain time. We are missing all our participants and hope each of our students are continuing to practice during these days at home. We are looking forward to seeing you soon and can't wait to return to our normal routine.

We understand that trying to remain busy and keep your children entertained during this time may seem near impossible, but we are here to help. Starting next week, our chapter will be posting interactive games, work outs, golf drills, and The First Tee curriculum to our social media platforms (Facebook, Instagram, Snapchat, and Twitter). Here is our schedule:

**Monday: Core Value and Weekly Golf Activity**

**Wednesday: Healthy Habit and Stretches/Work Out**

**Friday: Golf Fundamental and Golf Drill**

Please follow us on Facebook, Instagram, Snapchat, and Twitter to remain informed and receive our weekly updates!

## #GOLFATHOME CHALLENGE

The First Tee is challenging ALL participants to create and share fun #GolfAtHome videos. Here is how it works:

·Over the course of the next few weeks, we are asking ALL The First Tee of the Triad participants, coaches, and alumni to come up with a homemade putt-putt course (Max. of two holes), trick shot or creative way you are practicing your golf game while at home.

·Take a video of your #GolfAtHome (and make sure to wear First Tee branded shirts and hats).

·Share the videos on your social channels using #GolfAtHome and tag @thefirsttee.

Show us what you got Triad!

## ACE SPOTLIGHT

Becca Connolly is a senior at Forsyth Tech and will graduate with both a high school diploma and an Associate's degree! She has been involved with First Tee since 2011 and has been a Junior Coach with our chapter since 2014, helping with the Girls Only Classes at both Tanglewood and Winston Lake.

Becca has taken advantage of many of the First Tee National First Tee Opportunities throughout the United States, with the most notable being able to participate in the prestigious Pure Insurance Open at Pebble Beach in Monterey, California. Very few of our Ace participants are accepted into this monumental experience. She had to meet GPA, community service, and golf ability requirements to participate.

Becca will continue her studies at The University of North Carolina at Chapel Hill and is interested in possibly attending Law school. She is an accomplished golfer and plans to compete on the UNC-Chapel Hill club golf team.

Thank you Becca for your commitment and dedication to First Tee! We are proud of your accomplishments and wish you the best!
